## ACADEMIC REQUIREMENTS AND GRADING

### Quizzes

*Syllabus Quiz* (ungraded): In order to open course content, you must successfully pass a syllabus quiz in Canvas. NOTE: While this quiz is ungraded, you must receive a 100% to unlock course materials. You will NOT be able to access course materials without passing this quiz.

*Quizzes* (20% of Final Grade): There will five quizzes covering course lectures and readings. Quizzes are timed and require a lock-down browser. Questions will generally be multiple-choice in format, but might also include true/false, matching, short answer, and other similar formats.

### Assignments (40% of Final Grade)

*History of Public Health Slide*: Let's learn and teach each other. Each student is responsible for one slide of a chosen topic to teach a part of public health history. A collaborative PowerPoint will be created and shared as the study guide for quiz 1.

*Elevator Pitch*: You will complete an elevator pitch at the beginning of the semester answering, "How does public health contribute to your future career or field?" You can post this as video, power point, or audio and must be 30 seconds in length.

*Digital Artifact*: For this assignment, create a digital artifact representing a time when art has been used to inspire a healthy trend, position, or perspective within pop culture. Feel free to draw from personal experiences.

*Discussion Participation*: Students will participate in a Discussion board with prompts indicated in the Canvas site. This is your opportunity to share your perspective (on the prompt) with other students. It is important that we engage in productive, fruitful discussion so that we may better understand the similarities and differences with those around us.

1. Introduce yourself and your preconceptions of public health
2. Evaluate the health literacy of your home county and the 10 essential services strengths and weaknesses there from your perspective.

*Final Reflection:* You have room for creativity on how you'd present your final reflection for the course answering, "How does your usage of social media influence your views of public health?"

### Group Work (40% of Final Grade)

Public Health is about collaboration and group work. Each student will be assigned to a group of 3-4 students. Throughout the semester you will work separately and together to develop robust artifacts and frameworks on your assigned topic.

Each group will be assigned on a public health related issue within the larger umbrella topic assigned, or the larger topic assigned. Each student will be responsible for fulfilling 2 separate assignments on public health and pop culture drivers and then the group will work together to create a social ecological model on their given topic to be shared with the entire class.

To see full details please see the Canvas site.

**Grading Scale:** The final grade will be computed based on the following:

Percentage	93-100	90-92.99	87-89.99	83-86.99	80-82.99	77-79.99	73-76.99	70-72.99	67-69.99	63-66.99	60-62.00	Below 60
Letter Grade	A	A-	B+	B	B-	C+	C	C-	D+	D	D-	E

NOTE: Percentages are **not** rounded up at the end of the semester, and grades are not curved.

Please be aware that a C- is not an acceptable grade for graduate students. A grade of C counts toward a graduate degree only if an equal number of credits in courses numbered 5000 or higher have been earned with an A. In addition, the Bachelor of Health Science Program and Bachelor of Public Health Program do not use C- grades.

Letter Grade	A	A-	B+	B	B-	C+	C	D+	D	D-	E	WF	I	NG	S-U

For greater detail on the meaning of letter grades and university policies related to them, see the Registrar’s Grade Policy regulations at: <http://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>

More information on UF grading policy may be found at: <https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/>

**Policy Related to Extra Credit**

Occasionally, there may be opportunities to complete additional assignments or answer additional questions for bonus points. These extra credit items will be optional.

**Policy Related to Make up Exams or Other Work**

For assignments, late submissions are not encouraged. Late submissions will be accepted for up to 3 days, but with the following penalty schedule:

With regard to missing or incomplete assignments (NOT Quizzes), the following policies apply:

- The instructor will not contact you about missing or incomplete assignments. It is your responsibility to check that the correct assignment has been submitted to e-learning on time.
- It may be possible to avoid a late penalty IF YOU CONTACT THE INSTRUCTOR AT LEAST 24 HOURS IN ADVANCE. You should email your instructor and explain what issue (e.g., bereavement, illness) necessitates lateness. In some cases, documentation may be requested. If a lateness allowance is agreed to, this applies to a single assignment only. It does not allow you to delay future assignments.
- If your assignment is late, you will lose 25% each day. Thus, if an assignment is worth 12 points, you will lose 3 points for each late day. “Late” begins one minute after the due time (e.g., an assignment due at 8:34 am is considered late at 8:35 am). Penalties are as follows:

Item	Late category	Penalty
1	1 minute to 24 hours late	25% of maximum deducted from achieved grade
2	1 day + 1 minute late to 48 hours late	50% of maximum deducted from achieved grade
3	2 days + 1 minute late to 72 hours late	75% of maximum deducted from achieved grade
4	3 days + 1 minute late to 96 hours late	100% of maximum deducted from achieved grade

NOTE: **UPLOADING THE WRONG DOCUMENT IS SAME-AS-LATE**, even if you have documentation that you completed the document on time. **It is your responsibility to verify that you have uploaded the correct document.** (You should open or download your uploaded assignments and double- or triple-check that you have uploaded the right one).

- There will be no exceptions to this policy.
- If you have uploaded the wrong document, and e-learning does not allow you to correct this, you should IMMEDIATELY send the correct document to the instructor via email.
- If you cannot upload a document due to technical problems (e.g., if e-learning is down), you may e-mail

your assignment to the instructor. The timestamp on your e-mail will serve as the time submitting. In such cases, please upload your assignment to e-learning as well, once the technical issue is resolved.

Please note: Any requests for make-ups due to technical issues MUST be accompanied by the ticket number received from LSS when the problem was reported to them. The ticket number will document the time and date of the problem. You MUST e-mail me within 24 hours of the technical difficulty if you wish to request a make-up.

Make-up quizzes will be provided only in cases of excused absences or conflict during final exams per University policy and MUST be discussed with the instructor in advance. Make-up exams will differ from the regularly scheduled exam. University policies states acceptable reasons for absence include illness, serious family emergencies, special curricular requirements (e.g., judging trips, fieldtrips, and professional conferences), military obligation, severe weather conditions, religious holidays and participation in official University activities such as music performances, athletic competition or debate. Absences from class for court-imposed legal obligations (e.g., jury duty or subpoena) must be excused. Remember that, when possible (i.e. extracurricular activities, official University activities, and religious holidays), prior notification of absence is required if the student plans to be given an extension on assignments.

### **Policy Related to Required Class Attendance**

Even though this is an online course, students are expected to log on regularly and participate in the course.

Please note all faculty are bound by the UF policy for excused absences. For information regarding the UF Attendance Policy see the Registrar website for additional details:

Please note that announcements and e-mails sent out from the course site will go to your UFL e-mail address (no correspondence will be sent to outside e-mail addresses), please check this mail at <http://webmail.ufl.edu> regularly. Students should also reference the calendar in the course to keep up with weekly deadlines.

Please post questions related to the course material on the course discussion board (see board entitled "Seek clarification on syllabus, curriculum, or instruction") so that all students may benefit from the answers provided.

For other matters, please email the instructor directly (e-mail address above) rather than using the Canvas messaging tool.

#### **Policy Related to Plagiarism**

Plagiarism, as defined in the UF Student Honor Code (<https://regulations.ufl.edu/wp-content/uploads/2018/06/4.040-1.pdf>), will not be tolerated. Plagiarism detection software (e.g., TurnItIn) and other resources may be used to detect plagiarism. Assignments where the instructor deems that plagiarism has occurred may receive a zero grade, and may be reported to the Dean of Students office as a Student Honor Code violation. The APA publication manual provides guidelines on avoiding plagiarism; for more details you can also reference the Purdue Online Writing Lab website ([https://owl.purdue.edu/owl/purdue\\_owl.html](https://owl.purdue.edu/owl/purdue_owl.html)).

Please remember cheating, lying, misrepresentation, or plagiarism in any form is unacceptable and inexcusable behavior.

### **Professionalism and COVID**

As students pursuing a path in the health professions or public health, it is crucial to demonstrate professional behaviors that reflect integrity and commitment to the health of patients, fellow health professionals, and to populations we serve. To accomplish this, a strong responsibility for the well-being of others must be evident in our decisions, along with accountability for our actions. Professionalism in the health disciplines requires adherence to high standards of conduct that begin long before graduation. This is particularly true during times of health emergencies such as the COVID pandemic, given our professional habits can have a direct impact upon the health of persons entrusted to us.

If you are not vaccinated, get vaccinated. Vaccines are readily available at no cost and have been demonstrated to be safe and effective against the COVID-19 virus. Visit this link for details on where to get your shot, including options that do not require an appointment: <https://coronavirus.ufhealth.org/vaccinations/vaccine-availability/>. Students who receive the first dose of the vaccine somewhere off-campus and/or outside of Gainesville can still receive their second dose on campus.

In response to COVID-19, the following professional practices are in place to maintain your learning environment, to enhance the safety of our in-classroom interactions, and to protect the health and safety of ourselves, our patients, our neighbors, and our loved ones.

- You are required to wear approved face coverings at all times while in Health Science Center classrooms and within Health Science Center buildings even if you are vaccinated.
- If you are sick, stay home and self-quarantine. Please visit the UF Health Screen, Test & Protect website about next steps, retake the questionnaire and schedule your test for no sooner than 24 hours after your symptoms began. Please call your primary care provider if you are ill and need immediate care or the UF Student Health Care Center at 352-392-1161 (or email [covid@shcc.ufl.edu](mailto:covid@shcc.ufl.edu)) to be evaluated for testing and to receive further instructions about returning to campus. UF Health Screen, Test & Protect offers guidance when you are sick, have been exposed to someone who has tested positive or have tested positive yourself. Visit the UF Health Screen, Test & Protect website for more information.
- Continue to follow healthy habits, including best practices like frequent hand washing.
- Avoid crowded places (including gatherings/parties with more than 10 people)

Sanitizing supplies are available in the classroom if you wish to wipe down your desks prior to sitting down and at the end of the class. Hand sanitizing stations will be located in every classroom.

Course materials will be provided to you with an excused absence, and you will be given a reasonable amount of time to make up work. If you are withheld from campus by the Department of Health through Screen, Test & Protect you are not permitted

to use any on campus facilities. Students attempting to attend campus activities when withheld from campus will be referred to the Dean of Students Office.

Continue to regularly visit [coronavirus.UFHealth.org](https://coronavirus.UFHealth.org) and [coronavirus.ufl.edu](https://coronavirus.ufl.edu) for up-to-date information about COVID-19 and vaccination.

### **COVID-19 Symptoms**

See <https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html> for information about COVID-19 symptoms, which may include fever, cough, shortness of breath or difficulty breathing, fatigue, chills, muscle or body aches, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and loss of taste or smell.

### **Recording Within the Course:**

Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

### **Online Faculty Course Evaluation Process**

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.ua.ufl.edu/students/>. ### **Inclusive Learning Environment**

Public health and health professions are based on the belief in human dignity and on respect for the individual. As we share our personal beliefs inside or outside of the classroom, it is always with the understanding that we value and respect diversity of background, experience, and opinion, where every individual feels valued. We believe in, and promote, openness and tolerance of differences in ethnicity and culture, and we respect differing personal, spiritual, religious and political values. We further believe that celebrating such diversity enriches the quality of the educational experiences we provide our students and enhances our own personal and professional relationships. We embrace The University of Florida's Non-Discrimination Policy, which reads, "The University shall actively promote equal opportunity policies and practices conforming to laws against discrimination. The University is committed to non-discrimination with respect to race, creed, color, religion, age, disability, sex, sexual orientation, gender identity and expression, marital status, national origin, political opinions or affiliations, genetic information and veteran status as protected under the Vietnam Era Veterans' Readjustment Assistance Act." If you have questions or concerns about your rights and responsibilities for inclusive learning environment, please see your instructor or refer to the Office of Multicultural & Diversity Affairs website: [www.multicultural.ufl.edu](http://www.multicultural.ufl.edu)
