PURPOSE AND OUTCOME

Course Overview

This course provides students, interested in addressing health disparities among people living with disabilities, with the knowledge and understanding of health determinants that maintain their current health status globally. Special focus will be devoted to low and middle-income countries.

Relation to Program Outcomes

This course serves as a college approved elective for students admitted to the Bachelor of Health Science or Bachelor of Public, or with instructor approval.

Course Objectives

Upon successful completion of the course, students will be able to:

1. Summarize the global burden of disease and disability related to communicable and non-communicable diseases, environmental exposures, war, and violence.
2. Explain terms associated with global health disparities and disabilities
3. Summarize the medical and social models of disability
4. Recognize the global rehabilitation needs in the 21st century and how these may differ among countries and populations.
5. Discuss health determinants that maintain health disparities among people with disabilities living in low and middle-income countries.
6. Describe the roles of multilateral, bilateral, governmental, and non-governmental organizations and public health practitioners in eliminating health disparities among people living with disabilities.
7. Articulate the relationship between health disparities and the health systems' structure and the role of the regulatory system, and discrimination.

Instructional Methods

The course is asynchronous and housed in UF e-Learning in Canvas. The weeks, listed on the syllabus will run Monday through Friday. You should watch the online lectures and read the assigned articles/reports. Weekly assignment are due on Friday. The instructor will provide regular feedback by way of reaction paper comments and discussion posts. In addition, the instructor will post current events and other meaningful stories related to the course and discuss their relevance to the learned material.

ACADEMIC REQUIREMENTS AND GRADING

Assignments

Course Components: (Note: Detailed instructions will be provided on eLearning as due dates get closer). Students' progress towards achieving the course learning objectives will be assessed through four major types of assignments.

Syllabus Quiz (2 points; 2% of total grade) **To access course material, you must first complete a syllabus quiz.** You will have two chances to earn full credit. If a student fails to earn full credit following the second attempt, please contact Dr. Stark.

Tests (15 points each)

There will be three, non-cumulative assembly exams assessing your understanding of the course material. Each test will be open-note and consist of 30 multiple-choice questions. You are to work independently on each test, without any electronic devices other than your computer or iPad. You will have 45 minutes to complete each test, and all tests will be completed using Canvas and administered using Honorlock.

Reaction Papers (10 points each)

You will watch two, short videos throughout the semester pertaining to global health disparities and disabilities and write a minimum 800-word reaction paper to the question or questions posed regarding the video. (please note that your name, title, or any words that are not a part of your narrative do not count toward the 800-word count). Once completed, you will upload your assignment to the link provided on the Canvas course site. Submissions of less than 800 words will lose 2 points for every 10 words below the 800-word threshold. Late submissions (even by a minute) will automatically be docked 3 points.

Peer group Introduction (3 points)

Prior to the group discussion post, you will introduce themselves to other members in their group via a short (2 min or less) videos. Students will receive full credit upon completing the assignment and responding to at least two of their peers.

Group Discussion (10 points each) You will participate in a 2-part online discussion post. Students will be assigned into groups of 5 to 6 and work together to discuss health disparities and disabilities. Each part will be due at different points throughout the semester. Additional instructions for each part will be provided in Canvas. Late submissions to any part of the discussion will not be accepted for grading, but you can participate in future posts.

Global Health Disparities and Disabilities Infographic (10 points; 10% of total grade)

For the final project, you will create an original infographic depicting various health disparities and/or disability trends for any low- or middle-income country in the world. An infographic is a visual representation of data, knowledge, or information, (DKI) presented in a clear, concise manner that is easily interpretable by the audience. Additional instructions will be provided in Canvas. Late submissions will not be accepted.

Letter Grade	A	A-	B+	B	B-	C+	C	D+	D	D-	E

Please be aware that a C- is not an acceptable grade for graduate students. The GPA for graduate students must be 3.0 based on 5000 level courses and above to graduate. A grade of C counts toward a graduate degree only if based on credits in courses numbered 5000 or higher that have been earned with a B+ or higher. In addition, the Bachelor of Health Science and Bachelor of Public Health Programs do not use C- grades.

Letter Grade	Grade Points

Exam Policy

Each exam will be open-note (paper notes only) and consist of 30 multiple-choice questions. You will work independently on each exam, without any electronic devices other than your computer. You will have 45 minutes to complete each exam, and all exams will be completed online using Canvas and administered using Honorlock.

Policy Related to Make up Exams or Other Work

Consistent with University policy, students are allowed to make up work with either instructor permission, or if the missed/late work is the result of illness, or serious family emergencies. Students requesting make-ups or extensions for reaction papers, quizzes/exams, or discussion posts must contact the instructor via email prior to submission deadline when possible.

Because this course is offered online asynchronously, it is assumed that students should be able to complete course requirements around anticipated obligations such as professional conferences, religious holidays, and participation in official university activities. However, students may contact the instructor in the event of a conflict. Under these circumstances, students are expected to include documentation that supports their request.

Please note all faculty are bound by the UF policy for excused absences. For information regarding the UF Attendance Policy see the Registrar website for additional details:

<https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>

Please note: Any requests for make-ups due to technical issues MUST be accompanied by the UF Computing help desk (<http://helpdesk.ufl.edu/>) correspondence. You MUST e-mail me within 24 hours of the technical difficulty if you wish to request a make-up.

Policy Related to Required Class Attendance

Attendance will not be taken for this course as it is online **and asynchronous**.

STUDENT EXPECTATIONS, ROLES, AND OPPORTUNITIES FOR INPUT

Expectations Regarding Course Behavior

You must take the syllabus to access the course materials. Please see the “Welcome-Start Here” section in the canvas home page. Students are expected to check the announcements regularly for important information and course updates. Please note that announcements and emails sent through canvas will go to your UFL email. No correspondences will be sent to outside emails. Students should reference the calendar in the course regularly to keep up with weekly assignments

Communication Guidelines

Please post questions related to the course materials directly on the course board entitled “seek clarification” so that all students may benefit from the answer provided.

For other matters, please email the instructor directly, see emails above.

Please refer to this link to the Netiquette Guidelines for expectations and appropriate guidelines on Netiquette:

<http://teach.ufl.edu/wp-content/uploads/2012/08/NetiquetteGuideforOnlineCourses.pdf>

Academic Integrity

Students are expected to act in accordance with the University of Florida policy on academic integrity. As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge:

“We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.”

You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida, the following pledge is either required or implied:

“On my honor, I have neither given nor received unauthorized aid in doing this assignment.”

It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action. For additional information regarding Academic Integrity, please see Student Conduct and Honor Code or the Graduate Student Website for additional details:

<https://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/>

<http://gradschool.ufl.edu/students/introduction.html>

Please remember cheating, lying, misrepresentation, or plagiarism in any form is unacceptable and inexcusable behavior.

Recording Within the Course:

A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons),

including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

Online Faculty Course Evaluation Process

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.aa.ufl.edu/students/>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.

SUPPORT SERVICES

Accommodations for Students with Disabilities

If you require classroom accommodation because of a disability, it is strongly recommended you register with the Dean of Students Office <http://www.dso.ufl.edu> within the first week of class or as soon as you believe you might be eligible for accommodations. The Dean of Students Office will provide documentation of accommodations to you, which you must then give to me as the instructor of the course to receive accommodations. Please do this as soon as possible after you receive the letter. Students with disabilities should follow this procedure as early as possible in the semester. The College is committed to providing reasonable accommodations to assist students in their coursework.

Counseling and Student Health

Students sometimes experience stress from academic expectations and/or personal and interpersonal issues that may interfere with their academic performance. If you find yourself facing issues that have the potential to or are already negatively affecting your coursework, you are encouraged to talk with an instructor and/or seek help through University resources available to you.

- The **Counseling and Wellness Center** 352-392-1575 offers a variety of support services such as psychological assessment and intervention and assistance for math and test anxiety. Visit their web site for more information: <http://www.counseling.ufl.edu>. On line and in person assistance is available.

- **U Matter We Care** website: <http://www.umatter.ufl.edu/>. If you are feeling overwhelmed or stressed, you can reach out for help through the You Matter We Care website, which is staffed by Dean of Students and Counseling Center personnel.
- The **Student Health Care Center** at Shands is a satellite clinic of the main Student Health Care Center located on Fletcher Drive on campus. Student Health at Shands offers a variety of clinical services. The clinic is located on the second floor of the Dental Tower in the Health Science Center. For more information, contact the clinic at 392-0627 or check out the web site at: <https://shcc.ufl.edu/>
- Crisis intervention is always available 24/7 from: Alachua County Crisis Center: (352) 264-6789 <http://www.alachuacounty.us/DEPTS/CSS/CRISISCENTER/Pages/CrisisCenter.aspx>

Do not wait until you reach a crisis to come in and talk with us. We have helped many students through stressful situations impacting their academic performance. You are not alone so do not be afraid to ask for assistance.

Inclusive Learning Environment

Public health and health professions are based on the belief in human dignity and on respect for the individual. As we share our personal beliefs inside or outside of the classroom, it is always with the understanding that we value and respect diversity of background, experience, and opinion, where every individual feels valued. We believe in, and promote, openness and tolerance of differences in ethnicity and culture, and we respect differing personal, spiritual, religious and political values. We further believe that celebrating such diversity enriches the quality of the educational experiences we provide our students and enhances our own personal and professional relationships. We embrace The University of Florida's Non-Discrimination Policy, which reads, "The University shall actively promote equal opportunity policies and practices conforming to laws against discrimination. The University is committed to non-discrimination with respect to race, creed, color, religion, age, disability, sex, sexual orientation, gender identity and expression, marital status, national origin, political opinions or affiliations, genetic information and veteran status as protected under the Vietnam Era Veterans' Readjustment Assistance Act." If you have questions or concerns about your rights and responsibilities for inclusive learning environment, please see your instructor or refer to the Office of Multicultural & Diversity Affairs website: www.multicultural.ufl.edu
